DEVELOPER/CONTRACTOR/PROPERTY OWNER CERTIFICATION

The City does not possess adequate resources to constantly monitor the operations described on this Plan. The City's review and final inspection and acceptance of the Grading, Drainage and Improvements on this property are discretionary and the responsibility to correct any deficiencies or violations remains with the property owner.

The Developer/Contractor and property owner are responsible for compliance with this Plan, and City & State Laws, Codes and Ordinances related to Grading, Drainage and Offsite Improvements.

I, named below, agree to comply with all requirements on this Plan and all ordinances, laws and codes related to grading, drainage improvements and offsite improvements, and agree to correct any deficiencies and address any complaints relating to grading, drainage and offsite improvements on the property(ies) shown on this plan. I also agree to correct any deficiencies on adjacent property and public right of way affected by this Plan.

All of the above requirements contained on this Plan shall remain in effect indefinitely and should become the responsibility of any future owner of the property.
