3. In terms of **how** you can provide feedback tonight, then, we have a couple of different methods
 - a. For the easels, you'll have both **stickers and sharpees**
 - What we'd like to ask you to do is rank the goals and priorities on the easels with stickers
 - **PLACE THREE STICKERS** where you **strongly agree and place a high priority** on a goal or policy
 - **PLACE TWO STICKERS** where you **agree with the policy and place a medium priority on a goal or policy**
 - **PLACE ONE STICKER** for lower priorities
 - In addition, each easel has plenty of white space for you to write down your ideas
 - b. One easel devoted to **issues/challenges in cultural resource management and preservation**
 - c. And easels for each of the **five Goals, along with key Policies**
4. POWERPOINT PRESENTATION -- Debi will kick that off
 - a. Review Goals and Policies together – Debi for historical resources, Stephanie for archaeo & TCR
 - b. Q&A session with the group
 - c. Give overview for how community can continue providing feedback -- city website/questionnaire
 - d. Adjourn to the easels – and reach out to any of us to share ideas or ask questions
